Trail Ride to Benefit Riding Beyond—Donation Ride

Saturday, June 13th, 2026 ~ 10:00am

Willow Prairie Horse Camp Day Use

Mission: Riding Beyond enhances well-being of breast cancer survivors, their friends, families, associates, and others with life challenges through healing horse/human interactions.

Opening Doors to the Future for Women Recovering from Breast Cancer Treatment

Riding Beyond began in 2013 with a gathering of people who recognized the **life-changing benefits of a heart-to-heart relationship with horses** for women experiencing the after-effects of breast cancer treatment. As it became clear that many friends and family members were unaware of their loved one's issues, we began to build **wide-spread community awareness** of the needs of breast cancer survivors and thrivers, as well as how a relationship with a horse as a sentient being can promote healing. We joined with those who participate in the **medical profession's expansion** from curing cancer to include wellness strategies post-treatment, through personal and conference presentations. After a couple of years of experience and learning, we began **training professionals in equine assisted therapies** around the world in the Riding Beyond model.

There is no minimum donation to participate.

Come join us for a fun day riding your horse on the trails around Willow Prairie!! Marked trail will be about 3 hours long, but you can ride as long as your wish!

Contact Terri at 541-840-9578 for more information.
